Southgate College is a medium size college located in North London, with over 12,000 enrolments studying full and part time courses ranging from entry level to foundation degrees. The College offers a wide range of Academic and Vocational courses including Motor Vehicles, Construction, Health & Hospitality, IT and Media Studies.

The College is committed to minimising the environmental impact of its activities via continuous improvement and developing an ethos of environmental responsibility in all its staff and students. The college recognises it has an opportunity to protect its immediate environment and by exercising proper controls will promote the use of sustainable resources, discourage wasteful or damaging practices. It is the policy of the college to –

- i. Comply with all relevant environmental legislation and take such additional protection measures as is considered necessary
- ii. Identify environmental impacts of its activities and control them depending on their significance
- iii. Set and review environmental objectives and targets for each department
- iv. Develop, document and maintain an Environmental Management system in accordance with ISO 14001:2004
- v. Promote awareness and understanding of environmental issues among staff and students
- vi. Integrate environmental management policies and practices into every level and department of the College
- vii. Manage and conserve energy and water efficiently within all its premises
- viii. Reduce waste of natural resources, promote reuse, waste reduction and recycling
- ix. Regulate all waste production and disposal and discourage litter, graffiti and noise pollution
- x. Maintain the College's estate in an environmentally sensitive way.
- xi. Ensure that the EMS and its objectives, targets and reviews are available to all staff.

This Policy is communicated to all employees, students, suppliers and subcontractors and is made available to the public.
